FATHER OF EDITOR OF THIS PAPER PASSES AWAY IN NEWFOUNDLAND

Today we record the death of Mr. Isaac W. Bartlett, which occurred at his home, Petries, on Friday night, April 6th, at the age of 78 years. Mr. Bartlett was a retired District Inspector of the Constabulary, and was one of the oldest surviving members of the force. Practically the whole of his life was spent in the public service of this country. It is nearly three score years since he joined the Constabulary, and came to Bay of Islands at the time Commander (later Captain) Howorth, R. N., was appointed magistrate for the West Coast, with headquarters here. At that time there was no steam transportation nor wire communication on the Coast. The mails were monthly by sailing packet in summer time, and by courier in winter. After many years of service here, he was transferred to St. John's, later to Hr. Grace, and back to Curling again some twenty odd years ago as District Inspector, in which position he served until his retirement. At a visit of Governor Harris to Curling in 1920, Mr. Bartlett was invested with the Imperial Service Medal in recognition of long and faithful service. Deceased is survived by his wife; one daughter, Mrs. John Petrie, Bishop Falls, and five sons: Allan, Corner Brook; Walter, Blairmore; Albert; Robert, Detroit; Charles and Wilfred, Petries. All his family were with him at the time of his demise, except Walter, who was hindered through the transportation being off schedule. To the bereaved family The Star extends sympathy. The funeral took place yesterday afternoon at the United church, Rev. L. L. Barry officiating, assisted by Rev. J. McL. Beaton of Corner Brook. The members of the Constabulary at Curling and Corner Brook formed a guard of honor. —Western Star, Newfoundland.

[Rev. J. Maclean Beaton, referred to above, was former pastor of the Presbyterian church at Blairmore.]

PREMIER KING TO SPEND AUGUST IN THE WEST

Ottawa, April 26.—Premier MacKenzie King will spend the month of August in Western Canada. The prime minister will leave Ottawa about the third of the month and his tour will carry him through to the Pacific coast.

The prime minister will give special attention during the trip to meetings which are being arranged by Young Liberal associations of the west.

CLASSIFYING MOTION PICTURES

Ontario is beginning the classification of all moving picture films as those which are suitable for the general public, including children, and those which are suitable only for adults. The classification marks, "U" for universal, or "A" for adults, as decided by the board of censors, must be attached to all advertisements of the films by the theatres using them.

ST. LUKE'S, BLAIRMORE

Service Sunday, April 29.—Sunday school at 10.15 a.m. Evensong at 7 p.m.

Saturday, April 28.—The ladies will hold a sale of home cooking and tea in the Elks' hall from 3 to 6 p.m.

Sunday, May 6.—Holy Communion at 11 a.m.

Will all those who wish to subscribe to the Gazette please hand in their subscriptions and cards by next Sunday, if possible.

A. D. CURRIE, Incumbent.

Remember the St. Luke's tea and sale of home cooking, to be held in the Elks' hall on Saturday, 28th of April.

WAR ON FOREST FIRES

Hon. Charles Stewart

Minister of the Interior, whose department, in co-operation with provincial governments, various forestry associations and public-spirited citizens, is this week conducting a campaign to focus public attention on the need of prevention of forest fires.

BELLEVUE L.O.O.F. BURN MORTGAGE

The 109th anniversary of the institution of American Oddfellowship was fittingly observed by the members of Bellevue Lodge No. 118 and Ray of Hope Rebekah Lodge No. 67, by the holding of a joint social in the lodge hall on Wednesday evening.

The chair was occupied by Bro. H. Blake, the noble grand of Bellevue Lodge and the programme consisted of songs, musical and vocal selections, recitations, etc., the artists including Mr. Arthur Haddwell, soloist, and Bro. George Ritten, of Cowley, as duettists.

An able address on the subject of "Oddfellowship" was delivered by Bro. John Shevles, a past grand of the Bellevue lodge.

Coupled with the celebration of the founding of the order, the lodge took occasion to in fitting ceremony mark the wiping off of the debt on the hall by burning the mortgage, this ceremony being in charge of Bro. T. Bradley, past grand.

Bellevue Lodge was instituted a number of years ago with a large charter membership, the institution ceremony taking place in the old Burnett hall, which in a very short time proved too small to accommodate the work to be carried on. In the year 1923, the members of the lodge decided to form a holding company among its members and to build a somewhat pretentious building in which they would the better be enabled to carry on their various activities. In order to finance the proposition, it was necessary, in addition to money raised among the members, to borrow a sum from the bank, protected by a mortgage. This amount has been paid off in instalments until today it is wiped out entirely and Bellevue Oddfellows and Rebekahs are rejoicing in the fact that they own their own property without encumbrance.

Following the programme, supper was served, followed by speeches, among those to address the gathering being Bro. M. S. Saunders, of Calgary, representing the Grand Lodge of Alberta and Grand Encampment.

Next in order was a presentation on behalf of Crowview, Victoria and Ray of Hope Rebekah Lodges to Sister Jackson, a past district deputy and untiring worker in the interests of the Rebekah Degree in the Crows' Nest Pass. The task rested with Sister Ella Emmerson and the token consisted of a silver mounted cake dish. A fitting gift was also made on behalf of Ray of Hope Rebekah Lodge, through Sister Prescott, to Sister Jepson, first district deputy, both recipients made fitting reply.

Dancing followed for a couple of hours, music being furnished by Miss

May at the piano.

A large number of Oddfellows and Rebekahs were present from Coleman, Cowley, and Blairmore.

BELLEVUE TENNIS CLUB IS REORGANIZED

The reorganization of the Bellevue Tennis Club was effected at a meeting held in the Bellevue school house on Wednesday night of last week. The meeting was well attended. The reports of the secretary-treasurer showed the club to be in a good position financially.

The election of officers resulted as follows:

President—E. C. Costick.

Vice-presidents—J. A. Barbour and J. H. McLean.

Secretary-treasurer—Mr. Hamlet.

Entertainment committee—Messdames M-Lean, Costick, Barbour, McEachern and Miss Hallworth.

Grounds committee—W. Beck, Mr. Zumwalt, Mr. McEachern, Rev. Father Donovan, Alex. Penman and Miss M. Hall.

It was decided to affiliate with the Crows' Nest Pass Tennis Association. Also to add a third court.

Calgary Masons will build a temple to cost in the neighborhood of \$100,000.

Western Population and Education

There is at the present time such widespread discussion throughout Canada of the subject of immigration, together with its allied subjects of assimilation of non-British peoples into the Canadian family, education of both the native born and new comers, including mastery of the English language by the latter, that it is well people generally should have placed before them the actual facts and be guided by those facts rather than general assertions in support of which no proof is advanced. It is well that these discussions take place, provided they are fair and reasonable and based upon facts rather than hearsay. As a contribution to such constructive discussion of an important national question this article is written.

According to the official census figures for the three prairie provinces of Manitoba, Saskatchewan and Alberta for the years 1916, 1921 and 1926, the British-born and the foreign-born were as follows:

MANITOBA			
	British-born	Foreign-born	Total
1916	436,106	117,704	553,860
1921	500,860	100,298	601,158
1926	514,908	110,552	625,460
SASKATCHEWAN			
	British-born	Foreign-born	Total
1916	446,632	201,203	647,835
1921	558,138	199,322	757,510
1926	611,678	196,059	807,737
ALBERTA			
	British-born	Foreign-born	Total
1916	325,495	157,030	482,525
1921	427,482	173,072	600,554
1926	435,766	185,616	621,382

The figures of British-born or foreign-born for the year 1926 do not include Indians, of which there were 13,216 in Manitoba, 13,001 in Saskatchewan, and 13,227 in Alberta.

The above official figures disclose the fact that whereas the total population of the three prairie provinces increased during the ten-year period 1916 to 1926, by 329,729, the British-born population increased by 850,039, the difference being accounted for by a decrease in the foreign-born population of 20,330.

Evidence as to whether or not new comers to these Western provinces and the Canadian-born children of parents of non-British origin are being assimilated into the Canadian family, also whether or not education of the people is keeping pace with the growth in population, is furnished by statistics of illiteracy compiled by the census enumerators, and set forth in the following table of persons ten years of age or over:

MANITOBA			
	Total	Illiterate	Per Cent.
1916	406,809	32,978	8.1
1921	452,105	32,095	7.09
1926	490,307	27,990	5.71
SASKATCHEWAN			
	Total	Illiterate	Per Cent.
1916	465,284	36,021	7.7
1921	537,885	31,817	5.92
1926	596,009	23,764	3.99
ALBERTA			
	Total	Illiterate	Per Cent.
1916	395,281	23,733	6.5
1921	494,066	22,487	5.18
1926	461,279	19,580	4.25

In other words, notwithstanding an increase in population in Manitoba of persons ten years of age or over of 83,386 between 1916 and 1926, there were 4,938 fewer persons who could not read and write.

In Saskatchewan, with 130,775 more people ten years of age or over, there were 12,987 fewer people of the illiterate class.

In Alberta, where the number of persons ten years of age or over increased by 92,989, the number of the illiterate decreased by 4,144.

The official figures quoted in the above two tables conclusively show that the danger feared by many people of these Western Provinces losing their British and Canadian character is not being realized; that, on the contrary, the percentage of foreign-born to British-born is steadily decreasing.

They further establish the fact that steadily, even rapidly, the children and the younger generations of non-British settlers are learning to read and write English, thus fitting themselves to take their place in and be efficient members of a common Canadian citizenship.

To Ship Thousand

Buffalo Northwest

Eleven Hundred More Walnwright Buffalo To Be Sent To Mackenzie River District

Early in June the Canadian Government will ship 1,100 more buffalo, principally year-olds, from Walnwright National Park to the Mackenzie River District in the north, as has been done in the past three years. A quarter of a century ago, anxious to save the buffalo from extinction, the Canadian Government bought a herd of 715 from Montana and established Walnwright Park. Within a few years, the herd grew to so many thousands that a slaughter was necessary and the buffalo meat came on the market. Then the scheme of shipping the surplus animals north was adopted and found to be very satisfactory. Plans are nearly completed for the extension of the Walnwright Park boundaries to the Canadian National Railway tracks, so that travelers on

Flin Flon Railway

More Than Half Of The Steel Has Now Been Laid On Branch Line

Fifty-one miles or more than half the steel have been laid on the branch line from the Hudson's Bay Railway to Flin Flon, according to H. A. Dixon, chief engineer of the western lines of the Canadian National Railway who returned to Winnipeg from an inspection of the line and also to the end of steel on the Hudson's Bay Railway. Thirteen hundred men are engaged in building the Flin Flon branch line, Mr. Dixon said, and the work is well ahead of schedule. Six hundred of these men are busy on rock work on the last 24 miles. There is a considerable amount of this work to be done, but progress has been made that steel will be into the Flin Flon before the end of the year. Seven hundred men are engaged in track work, including ballasting and bridge filling and two steam shovels are also busy on this work. The discovery of a large deposit of suitable ballast close to the line will assist in expediting construction.

Shorthorn Cow Makes Record
T.A. Ross Lady 101st—18547—registered Shorthorn cow in the herd of the University of Alberta, Edmonton, recently completed a 865 day test during which she produced 15,428 pounds of milk with an average test of 4.3 per cent, making a total of 604 pounds of butterfat. This record places her sixth highest in Canada in point of butterfat production for Shorthorn cows.

Burns.

Spread Minard's Liniment rubbed with sweet oil on brown paper, and cover injured parts. Soothes and heals rapidly.

New Fighting Planes

Machines Now Designed To Carry Guns On Wings

Fighting planes bearing gun turrets on their wings are being considered by the Air Ministry. It has been revealed. One big bomber has been designed for carrying three turrets, one on each wing tip and another in the centre. Another machine has a turret in the tail for mounting machine guns.

Royal Air Force officers are particularly interested in the tail turret design, which is said to have no "blind spots" or places where the gunners can not aim at a foe. On the planes with turrets handrails are provided so they can be manned while in flight.

NEW STRENGTH FOR WEAK STOMACHS

Indigestion Disappears When The Blood Is Enriched

The most urgent need of all who suffer from any form of indigestion is a tonic to enrich the blood. Pain and distress after eating is the way the stomach shows that it is unable to perform the work of digesting the food it takes. New strength is given to weak stomachs by Dr. Williams' Pink Pills because they purify and enrich the blood. This accounts for the speedy relief in stomach disorders that follows the use of this medicine. The value of this medicine in cases of indigestion is shown by the case of Mrs. George W. Johnson, Lequille, N.S., who says: "I have no hesitation in recommending Dr. Williams' Pink Pills. I was greatly distressed with indigestion. Always after eating I suffered from pains in the stomach and distressing symptoms. I tried different remedies, but without getting relief. I was advised by a friend to try Dr. Williams' Pink Pills which I readily did, and I am feeling very grateful ever since to the restorer of my health. My health and all traces of this distressing trouble disappeared. It is now about a year since I took the pills, and I have not been troubled with indigestion since. I have taken every occasion to recommend Dr. Williams' Pink Pills to those in need of medicine and shall continue to do so."

A little booklet, "What to Eat and How to Eat," will be sent free to anyone asking for it. You can get the pills from any medicine dealer or by mail at 50c a box from "Dr. Williams' Medicine Co., Brockville, Ont."

Nations Take Naval Holiday

For First Time In Century No Battleships Being Built

For the first time for many centuries, certainly as far back as the reign of Henry VIII, there is not a single battleship building anywhere, now that H.M. Rodney has passed into commission. "The Naval Holiday," which was proclaimed when the Washington Treaty was signed, has really begun.

Will the Rodney be the last battleship to be constructed? That is not an idle question. It concerns intimately the taxpayers of the British Empire, the United States, and Japan, if not also the peoples of France and Italy, whose representatives also signed the treaty. Under the terms of that memorable agreement, the building of battleships will be resumed in 1931, and designs are already being prepared, at any rate in the United States.

Automatic lighters are forbidden in Peru, because of the match monopoly granted to Sven Karrell by the Government.

WOMAN COULD HARDLY WALK

Mrs. Hora Tells how Lydia E. Pinkham's Vegetable Compound Restored Her Health

Hamilton, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and would not be without it now. I had a female trouble so badly I could hardly walk and I was all run-down and could hardly get around to do my housework. I would be in bed three or four days at a time. I was told by a friend to try your Vegetable Compound. I did, and by the time I took two bottles was beginning to get around again. I took ten bottles in all, and now I am all right again and doing my own work. I have six grown-up to work for, I have plenty to do. I also used Lydia E. Pinkham's Sensitive Wash, and I think it good. But I owe my health to the Vegetable Compound, and I think if more of it was used women would be better off. I would not be without it if it cost more money. Mrs. Bessie J. Jones, 305 East Canon Street, Hamilton, Ontario."

Do you feel run-down, nervous and weak sometimes? Lydia E. Pinkham's Vegetable Compound is excellent to take at such a time. It always helps, and if taken regularly and patiently, will relieve this condition.

Sore throats Rub Vicks on throat and chest. Relieves two ways at once— absorbed, inhaled. **VICKS** VAPORUB OIL OF MINT, EUCALYPTUS

Making Good Progress

Marked Increase in Canadian Business Shown By Survey

Canada is in the midst of marked economic and business development according to a survey of business trends in the Dominion just completed by the Sherman corporation, research engineers. Reports of Canadian manufacturers, made for the survey, indicate substantial increases in the purchase and installation of new machinery in 1927. Ninety-two per cent of the manufacturers reported increases.

Recognition of selling and distribution as a major Canadian problem is evidenced by the reports on the importance of developing new merchandising plans. Seventy-seven per cent of the manufacturers agreed this was the case. The third matter given outstanding attention last year was the reduction of manufacturing cost per unit of product.

To Assist Pilots If Machine Falls

Device Worked By Compressed Air Shoots Flares From Plane

A device for shooting pilots from aeroplane cockpits clear of their machines will be demonstrated at the International Air-Traffic Exposition which will be held at Cologne in October.

The invention is intended to assist pilots to make use of their parachutes in cases where the falling machine prevents jumping. The pilot's seat, with parachute attached, is placed on a compressed air chamber, the power from which is sufficient to hurl the average man twenty or thirty feet. The air is released by a pull on a lever with safety controls.

The inventor got his idea from the cannon used in German vandervell and which shoot a man from 8 to 100 feet.

The indications of worms are restlessness, grinding of the teeth, picking of the nose, extreme peevishness, often convulsions. Under these conditions one of the best remedies that can be got is Miller's Worm Powders. They will attack the worms as soon as administered and they pass away in the evacuations. The little sufferer will be immediately eased and a return of the attack will not be likely.

Recipes For This Week

(By Betty Barclay)

FRUIT SPONGE CAKE

- 2 eggs.
- ¼ cup orange juice.
- 1 tablespoon lemon juice.
- ¾ cup sugar.
- 1 teaspoon grated orange rind.
- 1 cup flour.
- ¼ teaspoon soda.

Beat egg yolks with orange and lemon juices until thick and yellow; mix sugar and grated orange rind and add gradually to egg yolks; add stiffly-beaten egg-whites and cut and fold in flour sifted with soda. Turn into buttered and floured cake pan and bake in a moderate oven (325 degrees) 45 minutes.

A DOZEN HEALTH MUFFINS

- 1 cup flour.
- 4 tablespoons baking powder.
- ½ teaspoon salt.
- 1½ cups bran.
- 1 cup chopped dates.
- 1 egg.
- 1 cup milk.
- 1 tablespoon melted butter.

Sift flour, baking powder and salt together. Add bran and dates and mix thoroughly. Add well-beaten egg, milk and butter. Beat until thoroughly mixed and pour into greased muffin pans. Bake in moderate oven 25 to 30 minutes.

They way, to and from Jasper National Park and the Pacific coast may glimpse the herd from the windows of their train.

One American automobile company has established five assembly plants and three branch companies in Europe.

Young Wife: "I took the recipe for this cake out of the book."
Husband: "You did perfectly right. It should never have been put in."

After you do a man a favor he is likely to be afflicted with a partial loss of memory.

Minard's Liniment For Backache.

SAYS RICHES OF NORTH NEED NO EXAGGERATION

Canada Forging Ahead To Take Her Place Among Nations Of The World

The wealth and the possibilities of the mining country of the Canadian north need no exaggeration, in the opinion of Cyril T. Young, F.R.G.S., superintendent of development for the Canadian National Railways. "If Canada, without losing one bushel of her wonderful western wheat crop, continues to develop her mining industry," he says, "an industry which, while only in its infancy, last year produced more than half the value of the wheat crop of 400,000,000 bushels; continues to develop her pulp and paper industry to the limit of the market to absorb newspaper and is now annually more than half the wheat crop in value, and continues to develop her electric power, and while coal which never goes on strike, she is surely marching forward toward that destiny her natural resources entitle her to among the great nations of the world."

By building herself up "basically level" through her resources of mine, forest and electric power, Canada is pushing out into an unexplored empire which reaches as far north as Chesterfield Inlet on Hudson Bay. Oils and asphalt in Alberta, gold, copper and zinc in the Dominion of Ontario, added to immense paper and power resources, are bolstering up the farming industry and are giving the prairies of Canada the all-year round employment which they need, he says.

"The test of endurance is divided," he declares, "and four mines alone—the Hollinger, the Lake Shore, the Mond and the International Nickel—are now paying more dividends yearly than all the standard banks put together." And this is due to anything of the newer developments such as the Flin Flon and the Sheritt-Gordon of Northern Manitoba.

Greatest Cause Of Accidents

Automobile Is Chief Offender According To Insurance Company Report

What causes accidents, anyway? Travelers Insurance Co. recently drew up a table of causes of accident deaths based on its own statistics. The results are interesting and informative.

According to this tabulation, the automobile is the chief offender, 29 per cent of all fatal accidents being caused by traffic. A close second is the home accident, which accounts for 26 per cent. Sports and recreation are in third place with 20 per cent.

An Oil Of Merit—Dr. Thomas' Electric Oil is a jumble of medicinal substances thrown together and pushed by advertising, but the result is the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to repair and heal.

Could Produce More Timber

By Protection and proper management the accessible forest land of Canada could be made to produce in perpetuity several times the present annual cut. It will take many years to bring about this adjustment. On the other hand if present methods continue, the annual cut will have to be reduced.

The Lady: "Has nobody ever offered to give you work?"
The Trump: "Only once, lady. Apart from that I've met wiv nothink but kindness."

Firestone Dealers

Are Trained and Equipped to Save You Money and Serve You Better

Firestone sells tires only through regular established dealers—the understanding merchants in every community. This great manufacturing organization—controlling raw materials in primary markets—having branches and distributors in all parts of Canada, assuring fresh, clean stocks and quick, efficient distribution—is behind every dealer. Firestone Dealers know tire construction and tire service, having been trained at Dealer Educational Meetings.

Firestone Dealers have the latest equipment; the knowledge—the Firestone spirit and idea of service. No other dealer can give you the same values and service you will.

Navigation in Hudson Straits

Two Direction Finding Stations To Be Set Up By Federal Government

Plans are being created for setting up in the Hudson Straits two direction finding stations similar to those operated by the Canadian Government on the Atlantic Coast and in the Gulf of St. Lawrence. The Canadian Government Steamship Montcalm will spend the summer in the Straits and will carry with her equipment to establish three Air Force bases. These activities are designed for the protection of navigation in Hudson Straits with the opening of the Hudson Bay Railway, now under construction to Fort Churchill.

Many mothers can testify to the virtue of Mother Graves' Worm Exterminator, because they know from experience how useful it is.

Western Canada Airways

The Western Canada Airways, which established the pioneer flying service into the Manitoba mining fields, is expanding its operations considerably this year. They have this year added ten monoplane to their fleet and are now in a position to give regular daily service between The Pas, Flin Flon, Sheritt-Gordon, and other points.

BULGARIA IS DEVASTATED BY SECOND 'QUAKE

Sofia, Bulgaria. — A population numb with despair and fear was pictured in reports from the Philippopolis district, visited by the second shattering earthquake within a week. Almost 100,000 people are shelterless. And the dead have not been counted.

Their homes are in ruins, their possessions gone, their highways broken. Bridges have been destroyed and railway tracks twisted on rights-of-way that have sunk six feet in spots.

The changing face of nature shows where hills moved and their contours altered. In places underground reservoirs have broken through and are spouting water and sand like miniature geysers.

The dead are uncounted because of the interruptions to communications and the disorganization of local governments. But in Philippopolis there are more than 20 dead, and 50 of the more than 100 injured there are in serious condition. In five villages near that city 27 persons were killed and scores injured. Sadava, seat of a school of agriculture and model farms, was destroyed.

People throughout the stricken districts are in a state of deplorable destitution. Many have gone insane. Government and charitable agencies are trying to bring order out of the chaos, and King Boris is on the field in person. He has as his immediate assistants, Premier Lichneroff and M. Vassileff, minister of public works.

Luck Of The Irish

Major Fitzmaurice Is Surprised At World-Wide Interest Shown

New York, N.Y.—The announcement of Major James Fitzmaurice when told that the world had been following the trans-Atlantic flight of the monoplane Bremen was related by Lt. Robert S. Fogg, air mail pilot, who with a photographer, had greeted Fitzmaurice at New York. Fogg said he congratulated Fitzmaurice and then told him that it was hard to realize they were seeing him. Fogg explained that the world had thought the flier had run out of gasoline and were lost.

"The whole world," he exclaimed, "said Fogg."

"The whole world," he seemed surprised that there was world interest in the flier. He grinned when informed he had the "luck of the Irish."

"Duke" Schiller, the Toronto airman, who had brought Fitzmaurice to Seven Islands, recognized Tom Hogan, the photographer, and grabbed him carried him to Fitzmaurice. "Fitz," he said, "meet the first Irishman in America to greet you, his name is Hogan."

"Glorious, an Irishman!" said Fitzmaurice. "Wonderful! These people have been to us, it seems good to meet one of our own countrymen in all this desolation. I didn't know an Irishman would allow himself to get this cold to meet the ghost of Brian Boru."

U.S. Duty On Seed Wheat

Sentiment Growing In U.S. For Reduction Or Abolition Of Duty

Washington, D.C.—Abolition or reduction of customs duties on seed wheat entering the United States is one of the possible results of the tangled situation in this country produced by a deadlock over farm relief legislation.

Sentiment in favor of making Canadian seed wheat available at the lowest price to the American farmer has been growing in recent years and it is known that a number of western members of Congress would support the proposal if it could ever be brought to the floor of Congress.

Department of agriculture officials admit there has been an increase lately in pressure from the main wheat growing centres for consideration of the tariff on seed grain.

With the administration preparing to veto the farm relief bill for the second time and growing hostility amongst western farmers in consequence, there is a possibility that the president may exercise his power to amend the tariff under certain conditions of which this would be one. One congressman expressed the opinion that the United States farmers would gain in the long run if they sacrificed some of their seed grain markets at home and gained a reputation in the world market which Canadian grain enjoys.

Auto Gasoline Tax In Saskatchewan

Only Car Drivers To Pay Levy Of Three Cents Per Gallon

Regina.—Only gasoline used for automobile traffic will be liable to the three-cent tax to be imposed May 1, by legislation that becomes effective May 1.

The purchaser will pay the tax on all gasoline at time of purchase and will be given a refund on the postage used otherwise than that for his automobile, provided the amount named in the application for the refund amounts to more than \$3.

Every person selling gasoline has to collect the tax at the time of sale and deliver a stamp therefor. These stamps, shall be purchasable from the Department. Every importer, producer, manufacturer, refiner and distributor is required to forward before the tenth day of each month a return showing the number of gallons sold in Saskatchewan and the persons to whom sold. Every dealer selling or delivering gasoline is required to keep a record of the stamps so sold and to make a return before the tenth of every month of the number of the same, together with the amount of gasoline sold. It is the duty of the purchaser to see that he receives a receipt duly stamped on the purchase of gasoline.

Inspection may be appointed under the regulations to see that the payment of the tax is made. Contravention of the law renders one liable to penalties of from \$10 to \$200.

Considering New Route

Moving B.C. Coal To Montreal Via Panama Canal Might Be Feasible

Ottawa.—The feasibility of moving British Columbia coal to Montreal by way of the Panama Canal is being investigated by the Canadian Government Merchant Marine. This statement was made by R. C. Henry, director of the bureau of economics, Canadian National Railways, before the railways and shipping committee of the House.

"Really, we have no boat in the C.G.M.M. service that is available," remarked Mr. Henry. Boats on the Pacific coast service were now fully employed. The boats which were now operating from Vancouver to Montreal were carrying full cargoes and were not to be used as coal carriers. There were, however, 2,400 ton boats available, but in his opinion they were altogether too small to be considered from a commercial viewpoint for such long voyages.

The question was brought up by A. V. Neill, Independent, Comox-Alberta, B.C., who suggested that the government should give a fixed rate on British Columbia coal.

Oriental Vote Is Problem At Coast

As Asiatics Occupy Important Place In B.C. Industries

Vancouver, B.C.—Should Oriental residents in British Columbia be allowed to vote?

The question is now agitating trade union circles here and at a recent meeting of the Vancouver and New Westminster Trades and Labor Council it was decided to leave the issue to the various locals, who will record their opinions on the subject and forward them to the council.

Oriental enfranchisement has been opposed by organized labor in this province for some years. The subject has been revived by the action of the Canadian Labor Party in supporting equal voting privileges for Asiatics. The large number of Asiatics in this province and their important place in industry and trade give the matter greater significance here than in other parts of Canada.

Cost Of Harbor Survey

Palmer Received \$9,425 For Report On Nelson and Churchill

Ottawa.—Senator Durnford, in reply to a question, stated in the Senate that the sum paid Frederick Palmer for his report on Nelson and Churchill Harbors, was \$9,425. He was selected as there was a controversy between Canadian engineers and public officials as to the relative merits of these harbors and it was deemed advisable to secure the opinion of an engineer of unquestioned authority who was not a party to the controversy.

Price Of Bread May Advance

Regina.—Bread prices are showing a tendency to rise as a result of the rising price of flour due in turn to the enhancement of wheat values. At Swift Current a one cent per loaf advance has been made.

NEW LEGATIONS ARE CRITICIZED IN THE SENATE

Ottawa.—Canada's legations and diplomatic service were discussed in the Senate recently. Hon. J. S. McLennan drew the attention of the Senate to this service and asked of the Government the nature of appointment, the emolument and what provision was made for training candidates for the diplomatic corps.

Senator McLennan said that the confederation celebration last year made Ottawa a real capital. With the coming of a United States minister, Canada has assumed certain national responsibilities. He did not believe that a glorified commercial traveller was the highest form of representation needed by Canada in foreign countries. The appointment of a Canadian minister to Washington was another step in national responsibility.

He thought the appointments of last year did not come with any surprise as they had been discussed for some time. The selection of the United States to represent that country here was very satisfactory. The people of Canada were disposed to look upon Canada's adventure into foreign diplomacy as settled but he thought there should have been more preparation and knowledge given before sending envoys to Paris and Tokio.

Senator McLennan further observed: "I take upon myself to say that I believe the establishment of legations other than with Washington have not been authorized by Parliament or people of Canada. To that extent, if for no other reason, they are objectionable. I also think that such an establishment is premature; that we can get on as well without them by continuing the use of existing diplomatic machinery which Great Britain has placed at our disposal."

He believed at the earliest opportunity Canada should begin training juniors for diplomatic service.

Hon. R. S. Dandurand, Government leader, said the address from the Throne had made mention of the appointment of ministers to Paris and Tokio. He had not discussed it at length because the question had not been raised and it really appertained to the Prime Minister. He welcomed the approval of public men of the creation of a legation at Washington. This was the work of all parties having small say from Sir Robert Borden, being endorsed by the present Government. Concerning the legation in the United States, both parties had approved it.

Farm Women To Convene

Saskatoon.—Part of the extension program at the University calls for a United Farm Women's week to be held at the University on June 12, 13 and 14. Dean Rutherford, Prof. Murray and Prof. Rayner are in charge of the program for this course. The main question to be dealt with is that of improvement in labor saving devices on the farm especially dealing with the question of water supply.

Brings High Price

London.—A copy of the original six-volume edition of Gray's Elgys was sold here at auction for \$4,550. When first published two centuries ago, it was sold at sixpence. The highest price yet paid for the Elgys was \$7,500, at the MacGregor sale four years ago.

The state church of Russia before the revolution was Greek orthodox.

DENMARK MOVES TO SASKATCHEWAN

One of the largest families among this year's arrivals of immigrants over the Canadian National Railways was that of Hans Peter Petersen, of Denmark. Mr. Petersen has come to Canada with his wife and nine children and is settling near Melfort, Saskatchewan. He was met on his arrival at Winnipeg by two sons who had preceded him and who were living in Manitoba.

Controls Wheat Shipments

George McIvor is only 33 years old, but as general manager of the Canadian Co-operative Wheat Producers, Ltd., sales department, at Winnipeg, he is said to control the shipment of half of the Canadian wheat crop until it reaches the buyers in all parts of the world. He started out as a telegraph messenger.

Weather Suits Farmers

No Need To Worry Over Lateness Of The Spring

Edmonton.—No occasion for anxiety or worry," says Hon. George Hoodley, minister of agriculture, in response to an inquiry about the probable effect of the way winter is lingering in the lap of spring. Some inquiries have been coming along from the east as to how seeding operation will be affected, and the minister is replying that if a break comes reasonably soon and the weather then stays warm the conditions are just what Alberta wants. That is to say, the soil will be in excellent order with abundance of moisture and seeding will not be any later than it has often been before.

The present, snowfall is not adding much to the wetness of the land, according to reports from the country, as it is evaporating quickly. Some what more moisture than is really needed is reported from some localities, but in general the land is just right for promise of another bumper crop. As usual, Mr. Hoodley says, it's the city people who are doing the most worrying; the farmers know that seed time and harvest will not fail.

Vice-Regal Home At Coast

Governor-General Might Spend Summer In B.C. Is Report

Vancouver, B.C.—Reports that Lord and Lady Willingdon are seriously thinking of establishing a permanent summer home on the Pacific Coast have been revived as a result of their visit again this year and their inspection of several homes described as suitable for such a purpose.

The feasibility of making Vancouver or Victoria the social capital of the Dominion during the summer months has been mooted on several occasions, and while no pronouncement has ever been made by the Governor-General or Lady Willingdon, it is understood that they would not be averse to leaving the stately grandeur of Rideau Hall, Ottawa, for a few months during the year to enjoy the surroundings of Canada's farthest West.

Ottawa.—Canada's population is estimated by the bureau of statistics at 9,619,000. The estimate is as of June 1, 1927. Actual population at the last census (1921) was 8,788,483.

New Seed Grain Warehouse

Plan To Construct A Modern Plant At Moose Jaw

Ottawa.—There is every likelihood of a new seed grain warehouse being established at Moose Jaw at a cost of something over \$100,000. The present building is not suited to the purpose and a move is on foot for a new one. It is being sponsored by J. Gordon Ross, M.P. for Moose Jaw, and backed by Hon. C. M. Hamilton, provincial minister of agriculture, who had a conference on the subject with Hon. W. R. Motherwell.

The plan is to construct a most modern plant, the Dominion Government, the provinces and the association operating the present warehouse, each contributing one-third of the cost.

There is reason to expect that when the supplementary estimates come down, the Dominion Government will provide its share. This would ensure the warehouse because the other prospective contributors are ready to put up their share.

B.C. Farmers Want Horses

Paying Higher Prices Than For Years Past Says Dealer

Kamloops, B.C.—British Columbia farmers haven't yet found a complete substitute for the horse and they are paying higher prices for the animals now than for years past, according to D. B. Johnstone, Kamloops horse dealer.

"Work horses that a year ago I would have sold for \$10 or \$15, were sold recently for as high as \$72, that good cow, not the best at that, fetched as high as \$85," Johnstone stated. Good draught horses are scarce in British Columbia and are being shipped as far east as Montreal.

NAT. ASSEMBLY LIBERAL WOMEN ELECT PRESIDENT

Ottawa.—Hon. Mary Ellen Smith, M.L.A., Vancouver, was unanimously chosen by the national assembly of Liberal women as their president.

In answering the applause which greeted her election, Hon. Mary Ellen Smith said:

"I thank you from the bottom of my heart."

She went on: "There was a feeling throughout the country that the women were being transformed. But we refused to react to the anaesthetic. I did not want the presidency. But now that I have it and that you have set up the machinery to make this a permanent organization I am going to stay until that machinery is in smooth running order, and I will welcome criticism. From now on we women want to go on record as being constructionists."

Nine hundred women met at the banquet which followed upon the close of official business of the assembly. The Hon. Mary Ellen Smith made her first appearance as president of the newly formed National Federation of Liberal Women, and was received with cheers as she entered the hall.

The honorary president, Mrs. Norman Wilson, of Ottawa, announced the permanent officers of the new organization:

President, Hon. Mary Ellen Smith, M.L.A., Vancouver.

Honorary president, Mrs. Norman Wilson, Ottawa.

The honorary vice-presidents are: Miss B. McKinnon, P.E.I.; Miss Clara Carmichael, N.B.; Mrs. A. E. Smith, N.B.; Madame Belque, Professor C. Derrick and Mrs. S. Jacobs, Que.; Mrs. David Dunlop, Mrs. Arthur Hardy and Mrs. M. Pourpore, Ont.; Mrs. Robert Forke, Man.; Mrs. J. G. Gardiner, Sask.; and Mrs. Finlayson, B.C.

The vice-presidents are: Mrs. Riley, for Prince Edward Island; Mrs. J. Hanway, for Nova Scotia; Mrs. F. E. Holman, for New Brunswick; Mrs. St. Paradis, for Quebec; Mrs. Florence Edwards, for Ontario; Mrs. W. G. Sanburn, for Manitoba; Mrs. Mary Sutherland, for Saskatchewan; Mrs. Robert Marshall, for Alberta; and Mrs. Henderson, for British Columbia.

The association will henceforth be known by the name "National Federation of Liberal Women of Canada."

The objects of the federation are declared as: "To encourage the organization of Liberal women throughout Canada; to uphold the cause of Liberalism; to raise the status and advance the political education of women; to assist in securing and maintaining a good government and to encourage a broad spirit of Canadian nationality within the British Empire."

CHICAGO WATER DIVERSION FROM GREAT LAKES

Ottawa, Ont.—Hon. Charles Stewart, Minister of the Interior, related to the House the story of correspondence with the United States Government on the Chicago water diversion from Lake Michigan. "The Government of Canada," he declared, "has consistently refused to recognize the diversion in the slightest measure and will continue to present the Canadian viewpoint with all possible firmness to the United States against the principle of abstracting water from the Great Lakes to another watershed."

The correspondence tabled covers notes exchanged between the two governments since February 24, 1926, when Mr. Stewart tabled correspondence.

In his review Mr. Stewart mentioned a specific inquiry sent by the Canadian Government to the United States administration asking what progress had been attained by Chicago in the curtailment measures called for by the permit of the United States secretary of war. It is under this permit that diversion of water is now being made.

The United States replied that detailed plans, it was expected, would be prepared during the ensuing year for the installation of control works at the intake to the sanitary canal; that progress made by Chicago in carrying out installation of sewage treatment works was satisfactory; that installation of water meters would, it was expected, result in a reduction of domestic consumption in the near future.

From these statements, Mr. Stewart continued: "We would be warranted in assuming that the United States Government was satisfied that the progressive reduction which was anticipated on November 25, 1925, would be realized."

"The United States suggested a discussion of the question of compensation of providing compensatory works. The Canadian Government replied, Mr. Stewart went on, that 'while recognizing the marked advantages which may be gained by the construction of suitable compensating works, Canada would not be prepared to enter upon a discussion of any plans for the construction of such works if this course involved an assumption that the present quantity through the Chicago sanitary canal is to continue.'"

Railway Plans Extended

Parliament Gives Companies More Time To Commence Construction

In West

Ottawa.—Third reading was given in the House of Commons to a number of private bills.

These measures included:

A bill to incorporate the Highwood Western Railway Company with a capitalization of \$3,000,000, and with its head office at Calgary, Alberta. The proposed railway line will run from a point near the Calgary and Edmonton Railway in Township 20 or 21, Range 1, Alberta, to a point near Sparrow, on the C.P.R. in British Columbia.

A bill extending for two years the time in which to commence construction of the Calgary and Fernie Railway. The proposed line is to run from Calgary, Alberta, to Fernie, B.C.

A bill extending for two years the time in which to commence construction of the following branch lines:

(a) From Acme, Alta., to a point in Township 33, Range 26 or 27, Alberta, a distance of 25 miles.

(b) From a point on the Rosemary north branch of the C.P.R. in Township 21, Range 15, to a point in Township 23, Range 16, Alberta.

A bill extending for two years the time in which to commence construction of the Macleod and North-West Railway from Tuffnell, Sask., to Prince Albert, Sask.

To Discuss Peace Plan

Britain Will Confer With Dominion On Outlawing War

London.—The United States note to the powers inviting British adherence to a multilateral treaty for the outlawing of war, is receiving the most careful and sympathetic consideration said Geoffrey Locker-Lampson, under secretary of state for foreign affairs, in the House of Commons.

The note, he added, will form the subject of conversations between the British Government and the Dominions. The statement was made in answer to a question.

Mr. and Mrs. J. McAndrew with Duncan Robertson, of Milton, Ontario, to announce the engagement of their only daughter, Mary Anne, to Mr. latter part of May.

COME TAKE A DRIVE IN THE FINE CAR OF LOW PRICE

WHATEVER the standards by which you judge car quality and value you'll find them met beyond expectation in this "Fine Car of Low Price."

Get behind the wheel. Notice, first, the luxurious finish and completeness of appointments . . . the roomy comfort of smart Fisher built bodies.

How easily the car starts! How smoothly, silently, swiftly you speed away from other cars in traffic—throttling down to a walking pace when necessary, and accelerating from 5 to 25 miles in 8½ seconds in high gear! Here's generous power for sparkling performance . . . speed to meet every emergency and every desire—exhilarating and easily controlled.

In its fine car balance of all features from luxurious, artist-created bodies to new 55 h.p. high-compression engine—you'll agree that this new Oldsmobile is two years ahead. Come, take that drive today. Make your own tests for quality. Match its appearance, comfort and performance against other cars. Let your own experience confirm the reasons for its growing success.

THIS IS CANADIAN FOREST FIRE WEEK

The people of Canada can hardly realize how fast fire and axe have eaten into Canada's forest resources during the present generation. Forestry experts state that of what was a primal forest no farther back than 1810, practically untouched by the axe, little more than one-quarter now remains.

In eastern Canada comparatively little timber of really prime sawmill quality is left and it is stated that 70% of such timber in Canada now stands in British Columbia. In this province also the work of devastation and waste is going on at a much faster rate than the annual growth.

A great area of forest land still remains to the north of the populated parts of most of the provinces, but this forest consists largely of spruce and other woods required for the great pulp and paper industry. This forest of recent years has come to feel the full force of the United States' demand for newspaper paper. It provides a very big factor in our list of profitable exports, but foresters point out we are cutting and burning at a rate that will exhaust our accessible timber supplies in twenty-five years.

These experts say that with proper regulation as to cutting, reforestation and protection from fire, it is possible for Canada to have her forest industries in perpetuity. Fire has always taken greater toll than the axe. Fire prevention, the forestry men say, is the only salvation.

Forest fire fighting methods are being improved. The aeroplane has been called into requisition, to locate fires at their first outbreak and thus prevent fire spreading beyond control. But experience has proved to Canada that fire fighting is not nearly as simple as fire prevention. Every single individual whose business or pleasure takes him or her into the woods, must, while there, be impressed with one idea above all others and that is to prevent forest fire.

To that end the Hon. Charles Stewart originated an annual Canadian Forest Week in order to provide educational emphasis at the beginning of the dangerous dry season.

LIQUOR PROFITS IN ONTARIO AND ALBERTA

In connection with the statements which appeared in the press regarding liquor profits in Ontario and Alberta and quoting the former as making 15 per cent profit on sales and the latter as making 41 per cent, the following statement is issued by R. J. Dinning, liquor commissioner for Alberta:

It may be pointed out that the Ontario figures included sales of beer totalling \$6,267,416, but the Alberta figures omitted the sales of beer in this province, although all the profits on beer were included.

In five months Ontario is reported to have sold: Wine and spirits, \$11,126,243; beer and stout, \$6,267,416; total \$17,393,659, on which a profit of \$2,533,659 was made on actual sales, or approximately 15 per cent.

In twelve months in Alberta the following sales were made: Liquor and wines, \$4,552,249; beer sold through stores, \$366,500; beer sold through breweries and brewery warehouses under government supervision (approximately), \$4,500,000; total \$9,418,749, on which a profit of \$2,028,622 was made (including gallonage tax and license fees of \$365,005), or approximately 22 per cent on the total sales, not 41 per cent as suggested in the daily press.

From the viewpoint of the liquor boards, the system of handling beer in Ontario differs very little from that of Alberta insofar as the cost of operation and supervision is concerned, thus in comparing the net profits it is only fair to include beer sales in both provinces.

THE SMILE

Nothing on earth can smile but man. Genius may flash reflected light, but what is a diamond compared to an eye flash and a mirth flash. Flowers cannot smile; this is a charm that even they cannot claim.

It is the prerogative of man; it is the color which love wears, and cheerfulness and joy—these three. It is a light in the windows of the face by which the heart signifies it is at home and waiting.

A face that cannot smile is like a bud that cannot blossom and dries up on the stalk. Laughter is day, and sobriety is night, and a smile is the twilight that hovers gently between both—more bewitching than either.—E.S.

breggs and Davie Kemp, defence and
goalie stars with the Blairmore pro-
vincial championship junior hockey
team, are to leave shortly for Trail,
B.C., where they will likely sign on
for next season in senior class.

Dr. J. Willard Litch and Messrs.
Underwood and Saunders, of Calgary,
representing the Baptist Mission
Board of Alberta, were in town yester-
day, conferring with the United
church board on matters in connection
with the church property here. Dr.
Litch addressed a congregational
meeting at the church last night.

Miss Beth McLeod and Mr. L. Pas-
by of Wallace, Idaho, accompanied
Mr. and Mrs. A. McLeod home from
Spokane by motor to spend last week
end at the McLeod home at Sand-
point. Mr. McLeod had just come out
of hospital, where he underwent a
critical operation performed by Drs.
Pennock and Stark, of Spokane.

A member of the Montreal Maroons
hockey team, who is somewhat hard
of hearing, was recently returning
from a visit to Cleveland. At a
restaurant he met an old friend who
enquired how things were going with
him and received the answer: "Oh,
pretty good." "And how many chil-
dren have you, Jerry?" "Oh, seven
and two assistants."

Coleman Oddfellows and Rebekahs
will celebrate the 19th anniversary
of the founding of American Oddfel-
lowship by the holding of a social
evening in the Coleman hall tomor-
row (Friday) night, at which mem-
bers of lodges in the district are in-
vited. Blairmore Lodge and Rebek-
ahs will celebrate by the holding of
the usual exercises in their hall on
Sunday afternoon next.

A real cranky old lady was seated
at a table in the diner with two young
ladies, probably grandchildren. The
old dame had been finding fault
with everything. Finally the waiter
came along, and noticing that the
young ladies were making slow pro-
gress with their meat order, he asked
if the girls would care for some
sauce. The old lady jumped up and
yelled: "No, not from you, anyway!"

Among the attractions announced
through bills issued from the office
of The Enterprise during the week
are the following: a whist drive and
dance, under the auspices of the
Bellevue Football Club, at the I.O.O.
F. hall, Bellevue, on tomorrow (Fri-
day) night; a dance in the Moose
hall on Monday night, with the Mel-
ody Kings' orchestra in attendance;
a tea and sale in the Elks' hall on
Saturday afternoon from 3 to 6, un-
der the auspices of St. Luke's church;
a fancy-dress dance in the Lundbreck
hall on the night of Friday, May 4th,
under the auspices of the Lundbreck
Women's Institute, and a dance in
the opera house on Monday night by
the Knights of Rhythm.

SUCCESS

Success is speaking words of praise,
In cheering other people's ways,
In doing just the best you can
With every task and every plan.

It's silence when your speech would
hurt,

Politeness when your neighbor's curt;
It's deafness when the scandal flows,
And sympathy with others' woes.

It's loyalty when duty calls,
It's courage when disaster falls,
It's patience when the hours are long;
It's found in laughter and in song.

It's in the silent time of prayer,
In happiness and in despair,
In all of life and nothing less,
We find the thing we call success.

—The Standard.

HAPPINESS MUST BE SHARED

It was Sterne who wrote: "There
is no such thing as real happiness in
life." Sterne believed that "a tran-
quil acquiescence under an agreeable
delusion" is the definition of real
happiness.

What an illusion!
Shaw said: "The nearest we can
come to perfect happiness is to cheat
ourselves with the belief that we have
got it."

What a delusion!
Solon wrote: "No one can be said
to be happy until he is dead."

What a snare!
Departing from the spiritual side
of this subject, "true happiness," we
must come to this conclusion: The
most beautiful period in life is that
time when we have made somebody
else happy.

It is by sowing happiness that we
reap the right reward.

There are other haunts of happi-
ness, and they are so varied and un-
accountable that I shall not take the
time to index them, but you may put
this down as the irrevocable truth:
True happiness must be shared.

A gracious or generous deed done
gives great happiness, and it is
from such an unselfish act that we
receive the reaction called true hap-
piness.

Can you conceive of a man or
woman being truly happy all alone?
We may find pleasure all alone, but
personal pleasure is nothing but grati-
fication. It is not that inspiring
emotion or that calm satisfaction that
thrills. We must make others happy
before we can be truly happy our-
selves.

Try starting out seeking happiness
on some selfish plan and you will
wind up with the Sternes, the Shaws,
the Solons—writers who are seldom
delusion" is the definition of real
their theory.

The most interesting and inspiring
hour in the heart's existence is when
we have made others truly happy.
—The Silent Partner.

A Chevrolet car left in our back
yard yesterday by some unknown
party and without permission will be
sold to the highest bidder if not re-
moved within twenty-four hours.

We would gladly accept the ma-
chine if the donor would also under-
take to supply the gas.

Heals Eczema in 7 Days or Less

Here is a surgeon's wonderful pre-
scription now dispensed by phar-
macists at trifling cost, that will do
more towards helping you get rid of
unsightly spots and skin diseases
than anything you've ever used.

Not only does this great healing
antiseptic oil promote rapid and
healthy healing in open sores and
wounds, but boils, abscesses and ul-
cers that are discharging are almost
immediately relieved and cleanly
healed.

In skin diseases its action is little
less than magical. The itching of
eczema is instantly stopped; the
eruptions dry up and scale off in a
very few days. The same is true of
barber's itch, salt rheum and other
irritating and unsightly skin trou-
bles.

You can obtain Moore's Emerald
Oil in the original bottle at any mod-
ern drug store. It is safe to use, and
failure in any of the ailments noted
above is next to impossible. All
druggists can supply you at any
time.

COWLEY HAPPENINGS

Mrs. Robert Littleton is a present
Lethbridge visitor.

Mrs. George has returned from vis-
iting relatives and friends in Vulcan
and Lethbridge.

Threshing is again general in the
district. With continued fine weather,
threshing will be finished here within
the next week.

The village folk have been out rak-
ing, cleaning and burning rubbish
this week. The bonfire is quite an

attraction of evenings.

The village school is observing
"Save The Forest" this week by writ-
ing essays on this subject and learn-
ing all that is possible to know about
the preservation of our forests. The
smallest children are taking a keen
interest in our trees.

The council of the Municipal Dis-
trict of Livingstone No. 70 met this
week in conference with Mr. N. J.
Bradley, public works engineer, to
consider plans for the season's road-
work. Several delegations waited

upon the council with claims for spe-
cial work and diversions of existing
roads. Owing to continued wet weath-
er last year, but little maintenance
work was done; consequently the dis-
trict is facing a heavy programme for
1928.

Many school grounds, parks, lawns
and boulevards in the province will
be improved by the planting of trees
on Monday, May the 7th, which has
been named by the Lieutenant-Govern-
or in Council as Arbor Day in Al-

CHAPTER XXIII.—Continued.

Another night she saw a trim young lady, with many bags, a pair of snowshoes, a camera slung over her shoulder, a tapestry purse and a huge white fox fur, coming down the platform. She was not by a plain, hard working woman, with rings of gray hair escaping from the hard little nub at the back of her head, a skirt that did not match her coat and needed to be pulled straight—evidently put on in a hurry; and with feet disengaged with heavy, hands red and bare, and shoulders bent.

Helmi watched the meeting. The girl was the last to leave the train, and the mother had almost given her up, and had gone to the ticket to see if a wire had come. While the mother was at the ticket the girl came hurrying into the station. "Mother," she called, "Here I am, I was helping a lady with her baby."

The two women caught each other in a warm embrace, and as they were leaving the station Helmi heard the girl say, "The trustees paid me for the whole time, and now, old girl, you will have that fur coat—will get it tomorrow."

Helmi saw the mother's arm tighten. The girl's eyes were defiant and proud. She dared anyone to even think she thought her mother shabby.

Helmi wondered, wondered. When the last period had come through and the doors were closed, Helmi walked slowly to the North Star Rooming House, lonely, tired and sad. She resolved she would not go again, but the next train found her sitting in the front of the clock, watching its tardy hands making their reluctant rounds. She had written to good old Sin, giving him her address—he would see Jack if he came.

At the end of two weeks Helmi began to look for a situation. Her money had lasted until now, but the little stock in the black, shiny purse had dwindled and dwindled. Fortunately her clothes, by careful brushing and pressing were still presentable. The kindness of the Corbett family, and the exquisite joy she found in caring for the little Lili, kept her heart from breaking with loneliness. The nights were the worst; even the regular breathing of the warm little treasure beside her, the feel of the velvety little fingers which clung here, could not entirely win her away from her sorrow. Why had God forsaken her? Or was He just doing this to try her faith, as he tried that of Job. Then she thought of Abraham, whom God commanded to sacrifice the little son. That was a terrible story, and Helmi wished she had never heard it, even if God did repent and say, "Oh, well, even that I know you would do it that's all right—I just wanted to be sure." In happier

days Helmi had decided the story wasn't true at all. God wasn't like that, someone had just made up that story. Now, she wasn't so sure.

Often in these long dark nights, Helmi thought of Aunt Lili. It had all seemed so easy when Aunt Lili came back for the visit to Finland, and now, Aunt Lili was gone, her little girl too. She had come to Canada so sure she could conquer all difficulties, and she had come on evil days. But little Lili here would have a chance. . . . One might succeed out of four. . . . surely God would let one Finn find his way to do well in Canada! Maybe it was too much for her to expect to succeed and be happy—but she could be the ladder on which dear little Lili would rise, like the woman at the station, bent back, tired, with the glorious successful daughter, who loved her mother's loyalty in spite of her old-fashioned dress and knotted hands.

It was only when Helmi could get her thoughts out of the lonely, dark roads where disappointments and loneliness lurked, into the pleasant green meadows of the future where plans for little Lili could be made, that peace would come to her, and to her burning eyes the blessed dew of sleep.

On the day that Lili was three weeks old Helmi went to the Employment Bureau to look for work. She went to the blue motor coat, a black velvet hat on which she had planted the flowers from her summer hat, and her best shoes and gloves. She was still pale, and her cheeks had grown thinner.

"It's a question," said Mrs. Corbett, eying her critically, "how a person should dress when looking for work. If you're not well dressed they'll think you are need a job too bad, and that you must be shiftless and no good; on the other hand, if you're well dressed they wonder why you need to do housework. Women are sure the limit, despise their own work and make everyone else despise it too. A woman may forgive the woman who makes her dresses, she is even more likely to forgive the one that makes her hats, and who charges her three times what they're worth—but God help the poor dear that cooks her meals. No woman ever thinks well of another woman who merely does the work she can do for herself if she wanted to. So, Helmi, dear, don't be hurt if they talk snip-snip to you—I know now you feel the Finns and the Irish are blood cousins when it comes to temper—but just say what you want to, to yourself. You can come home and hear them all you like to me. I know there—haven't I done washed for them for years?"

Helmi, as usual, went early, but the room—a large one, with windows that ran to the ceiling—was already half filled. Her first thoughts were thoughts of discouragement—What chance had she among so many? But as she listened she learned that many of the women were employers, for the topic of conversation was the old difficulty of getting efficient household help. The conversation rose and fell like the fire in the chimney on a windy night.

"I am out so much," one woman said, in a loud voice, "I simply must have reliable help. The last one left on the electric line until it burnt through the table." She was a worried woman, short of breath, as if she had been perpetually climbing stairs. Helmi wanted to talk to her, but she was surrounded by other women, all intent on their own grievances.

"It makes a difference when one has boys in the house you see I have my own two, and Fred, my nephew."

"Well, I have just one rule—I must have a British subject. When I came home from the Red Cross the other day I found my house in a state. My German washwoman had the cook and the housemaid in terror of their lives. She had told them she was washing for me now, but I would be washing for her next year, and the Kaiser would be living in the Gov-

THERE is nothing quite equal to Aspirin for all sorts of aches and pains, but be sure it is Aspirin. The Bayer should appear on every tablet. Bayer is genuine, and the word Bayer—in red—is on every box. You can't go wrong if you will just look at the box when you buy it.

Angus is the trade mark registered in the United States and Canada. It is the only Aspirin that carries the Bayer cross on its tablets. It is the only Aspirin that carries the Bayer cross on its tablets.

ernor's house, and we would be begging jobs from the German aristocracy, who, it seems, are going to come over here to live. She flew when I came in, and she hasn't come back yet for her money. She never told me she was German, you may be sure. She was Russian—they are all Russians now."

Helmi at last got her chance at the desk. A kind-faced Scotchwoman, who called her "dear," asked her what sort of work she wanted, and had she registered. Helmi said she wanted housework by the day if she could get it. She could cook, yes, and wash, and make things clean.

The Scotchwoman called the lady whom Helmi had noticed first—the stair-climber.

"Here's a smart girl for you, Mrs. Angus," she said, "I doubt if you'll get better—she looks both clean and smart."

Mrs. Angus appraised Helmi critically. "Are you honest?" she asked at last. "I have lost so much by petty thieves."

"Yes," said Helmi, truthfully, "I am honest, and I tell the truth, and I am square."

Mrs. Angus turned to the Scotchwoman angrily. "Is this the way you allow your patrons to be spoken to, Miss Ritchie?" she said.

"I doubt she meant no harm," said Miss Ritchie, soothingly: "she was taken by surprise—that's all."

"Have you worked before?"

"Yes, in Winnipeg—in the Yale Hotel—and at Eagle Mines in a boarding-house."

"Yes, I thought so," said Mrs. Angus, "you are certainly quite the hotel type, sharp and part well, have you references?"

"No," said Helmi, when Miss Ritchie had explained.

Mrs. Angus looked sternly at Miss Ritchie. What did she mean by getting a girl who, by her own confession, had no references.

Miss Ritchie asked Helmi if she could send and get her references.

Helmi shook her head. "I would rather not," she said.

To Be Continued.

Strangled With Asthma is the only expression that seems to convey what is endured from an attack of this trouble. The relief from Dr. J. D. Kellogg's Asthma Remedy is beyond measure. Where all was suffering there comes comfort and rest. Breathing becomes normal and the bronchial tubes completely cleared. This unexpected remedy is worth many times its price to all who use it.

Saskatchewan Census Details
Nearly 45 Per Cent. Of Population Born Within the Province
Nearly 45 per cent. of the population of Saskatchewan was born within the province itself, and of the 820,738 persons listed 324,245 are of British origin, according to a provincial report. Native-born Canadians comprise 525,372; those from the British Isles, 98,941; and from other British possessions, 1,000. Of the foreign-born citizens, numbering 196,190, or nearly 24 per cent., Russia is the largest contributor with 27,237. Austrians are second with 11,504, and Ukrainians third with 10,607. There are 8,284 Galicians, 7,350 Germans, 9,246 Norwegians, 7,282 Swedes, and 9,099 Danes.

He: "Do you know what bleeps are?"
She: "Of course, the same as for-eps, only not as many."

Editorial Prize Contest

Centenary Of Henri Dunant, Founder Of Red Cross, To Be Fittingly Observed

This year, on May 8th, fifty-nine nations of the world banded together under the Red Cross flag, will celebrate the centenary of the birth of Henri Dunant, founder of Red Cross and winner of the Nobel Peace Prize of 1901.

Dunant's untiring efforts in the interests of humanity were responsible for the first Treaty of Geneva, and they awakened the world to a new consciousness of its responsibilities in regard to medical service, both in peace and war, until now practically every nation has joined in subscribing to the covenant of nations which has developed from Dunant's initial idea.

In order that the people of Canada may know about Dunant and his work, a prize contest for the best editorial appearing in any Canadian Daily newspaper on May 8th, or in any Canadian Weekly paper between May 4th and May 12th, on Dunant or co-related subjects, has been arranged by the Canadian Red Cross Society. The French Newspapers of the Dominion are also invited to compete in their own language under similar conditions.

The prizes to be offered are: \$50.00 for the first prize; \$50.00 for the second; and \$50.00 for the third. Each section, or \$50.00, divided into proportions as here mentioned, including the French newspapers, both daily and weekly.

The contest will close on May 20th, when all entries received will be judged by a committee of competent judges. Every entry must be in the hands of the National Office at 410 Sherbourne Street, Toronto 5, by that date, and must comply with the conditions announced herewith. Every possible effort is being made to acquaint the public with the history of Henri Dunant through special literature being mailed to all editorial offices through the usual press avenues and in the pages of the May issue of "The Canadian Red Cross."

Contest Regulations

1. In order to facilitate the work of adjudication, contestants are requested to clip their editorials, paste them up as if preparing "copy" for the printer and add headline and date of editorial page on which it has appeared, despatching the entry so that it shall reach the office of the Chief Commissioner, Canadian Red Cross Society, 410 Sherbourne Street, Toronto 5, Ont., not later than May 20th. All entries must be accompanied by a sealed envelope with the name of the entrant on a letterhead from the office of the competing newspaper. No contestant's name will be known until all decisions have been made.

3. The covering envelope should be marked—"Editorial Contest." 4. The following is the list of judges who are being invited to act: Dr. James W. Robertson, Ottawa, Chairman of the Central Council of the Canadian Red Cross Society; Professor J. G. Fitzgerald, Toronto; Mr. F. B. Livesey, Toronto; Dr. Lorne Pierce, Toronto; Dr. Charles G. D. Roberts, Vancouver; Mr. R. J. C. Stead, Ottawa; Professor G. M. Wright, Toronto; Mr. John M. Sloan, Toronto.

French Committee.—Hon. Mr. Justus F. Surveys, Althausen, and Dr. Victor Morin, will be asked to suggest a sub-committee from among the members of the Canadian Authors' Association, to act in collaboration with the General Committee.

No need to suffer with corns, or to run the risk of paring them. Remove them surely and painlessly with Holloway's Corn Remover.

Funny people: Play bridge because they haven't anything to talk about and then talk all the time they're playing bridge.

"A friend in need," said Uncle Eben, "is de one dat lends assistance inat'd 'o give 'n' divin' help advice."

The silk worm and the honey bee have been domesticated by man.

The Least Excitement Made Her Heart Palpitate and Flutter

Mrs. Ambrose Orser, Elginburg, Ont., writes:—"I suffered for some time with a bad heart which seemed to be controlled by my nerves. The least little excitement would cause it to flutter and palpitate, and at times I would have real bad spells. I suffered in this way for some time when, one day, I saw . . ."

advised, so decided to try them. I had only taken a few boxes when I noticed that I felt better, so I continued taking them. It is a short time my heart felt entirely different."

Price 50c. a box at all druggists and direct from the manufacturer on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

"POKER HANDS"

Teeth and Health

Issued By "The Canadian Dental Hygiene Council and Published By The Saskatchewan Dental Society"

CARE OF THE "BABY TEETH"
Paradoxically speaking, the care of baby's teeth should begin before they arrive.

A soft cloth should be used daily to cleanse the gums and keep them healthy before the coming of the little teeth.

Symptoms of tooth eruption in the young child are, as a rule, not lacking. Locally there will be slight inflammation, with swelling; the area in which the tooth will erupt shows a tenderness and shyness of the use. The child will exhibit a tendency to bite at anything such as its toes, fingers etc. and evidence of general irritability and restlessness, accompanied, possibly by a slight fever.

However, along with these efforts attention should be given to a correct diet, and the parent should insist on proper mastication of its food by the child.

Little children should not be allowed to carry on other habits; they are ruinous to the young teeth. It would not be too early to take the child to the dentist at the age of half or three years of age, and thereafter at intervals of from three to six months, as may prove necessary. In this way, small cavities can be detected early and treated with practically no discomfort to the child, and so the teeth are preserved from further and extensive decay.

Serving No Useful Purpose

Nothing Gained By Attempting Ocean Flights In Land Planes
Surely the disasters of the last twelve months have convinced us that flying a light land plane over the sea is a dubious gamble with destiny. It does not advance the cause of rapid transportation a whit; for nobody is so bold as to believe that such planes will eventually be used in trans-oceanic service. On the other hand, the repeated failures have caused pain and disappointment to the world and extreme inconvenience to ships' which must go out of their courses and lose valuable time in hopeless hunts over the water.

"Does that mule ever kick you, Rastus?"
"No, sah; he ain't yet, but he frequently kicks the place where I recently was."

Cats and owls are better equipped for seeing in dim light than humans, due to the peculiar construction of their eyes.

A man is never satisfied until he can induce some woman to think he is better than he knows he is.

Minaud's Liniment for cuts and bruises.

Little Helps For This Week

"Neither is it in our power to redeem them."—Nehemiah v. 5.

But yesterday, but yesterday She stood beside our dusty way Out-reaching, for a moment's space, And we too late, make bitter cry, "Come back, dear Opportunity!"

—Susan Coolidge.
There are four things that some do not back, the spoken word, the sped arrow, the past life, and the neglected opportunity.—Arabian.

Ready-Made Medicine.—You need no physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Electric Oil. For coughs, colds, sore throat, bronchial troubles, it is invaluable; for scalds, burns, bruises, sprains, it is unsurpassed; while for cuts, sores and the like it is an unquestionable healer. It needs no testimonial other than the use, and that will satisfy anyone as to its effectiveness.

Recall Historic Event

School children of the province on the 150th anniversary of the landing of Capt. James Cook at Nootka, were given a historical outline of the event and its significance in retaining what is today the province of British Columbia under the British flag. This historical extract was prepared under the auspices of the Native Sons of British Columbia, and was circulated in all schools by the Provincial Department of Education.

Use Minaud's Liniment For Corns.

A man doesn't do his courting all to himself because he is ashamed of it, but because he wants it all to himself.

FACE TERRIBLY DISFIGURED
Pimples Itched and Burned. Cuticura Heals.

"I had a breaking out of pimples on my face, neck, shoulders and arms. They itched and burned so badly that I had to scratch, causing severe irritation. My clothing aggravated the eruptions terribly, and I could not sleep on account of the irritation. My face was terribly disfigured. The trouble lasted about four months."

I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. After about the fifth application there was a marked improvement so I purchased more, and in four weeks I was healed. (Signed) Miss Millie Dickson, Brown's Base, Ont., Sept. 16, 1927.

Use Cuticura to clear your skin. Sample Card Free by Mail. Address: Cuticura, P.O. Box 1024, Station 1, Montreal, P. Q., Canada. Send 10c. for Cuticura Soap and Ointment. Send 25c. for Cuticura Soap and Ointment. Send 50c. for Cuticura Soap and Ointment.

W. N. U. 1730

Many people, two hours after eating, suffer indigestion as they call it. It is usually caused by acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.

Too Much ACID

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief. Please do that—for your own sake.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions, only one drugstore.

Local and General Items

Twenty years ago, Constable G. S. Wilmot, of the R.N.W.M.P., was shot to death at Frank.

The Elks are going to rejuvenate Aunt Mary at the opera house on Monday, May 7th.

A flivver passed through Blairmore a few days ago, with an arrow painted on it to show which way it was travelling.

Sixteen hundred young pheasants and two thousand pheasant eggs have been ordered by the Calgary Fish and Game Association.

If you haven't any friends of your own, take ours to the St. Luke's tea and sale of home cooking in the Elks' hall on Saturday afternoon.

Mr. Alex. Cameron, after spending the winter in Ontario and the past few weeks in Coleman, has returned to his fruit farm at Wyndel, B.C.

The prize misprint of the year has been found in a provincial newspaper. "The doctor felt the patient's purse," the story ran, "and decided there was no hope for him."

The ladies of St. Luke's church will hold a tea and sale of home cooking in the Elks' hall on Saturday from 3 to 6 p.m. Come along and bring your friends.

A new book, of which Mr. Lamey, of Bellevue, is said to be the author, is in great demand. All bridge enthusiasts should be interested in this new book.

Valuable property at the junction of the main trail and the old Hillcrest road changed hands during the week. The lady purchasers have already taken possession.

"Tony" Vejprava, of Blairmore, asks: "What does an electrician's wife say when he comes home late?" Why, that's easy. She simply asks: "Why are you insulate?"

The Kuschel Hotel Company, Limited, of which Paul Kuschel, former proprietor of the Alberta hotel here, is manager, has acquired the Arlington hotel at Pincher Creek.

The attraction at the Orpheum tomorrow and Saturday will be Douglas Fairbanks in "The Gaucho"; and on the following Friday and Saturday, Harold Lloyd in "Speed." Both are big attractions.

Mr. Valentino Rinaldi is the latest acquisition to Blairmore's business fraternity. He is now general manager, instructor, director of ceremonies and floor walker at the Corner Association pool hall.

The Brewster Transport Company will start a daily bus service from Banff to Waterton Lakes about June 15th, using 30-passenger buses with accommodation for light luggage on the run.

W. J. Bartlett, editor of this paper, returned from Newfoundland on Sunday morning, where he had been called owing to the serious illness of his father. Mr. Bartlett left here on the night of April 1st, but was unable to reach home before his father passed away.

George Liebergal, this district's contestant in the Los Angeles to New York marathon, is making good and each week is gaining a better position. On Tuesday he was sixteenth. The various towns of The Pass have raised funds towards supporting this young athlete, Blairmore's contribution being in the neighborhood of \$75.

The survey of the proposed change in the Red Trail east of Pincher has been approved and the right-of-way has been purchased from the owners of the land required. R. R. Whipple, W. W. Henderson and E. L. Langin have been allowed \$50 per acre and \$150 per mile for fence building. Mr. Robertson, the engineer, was at Pincher on Tuesday—Pincher Creek Echo.

Fernie school teachers are asking for salary increases.

The monthly meeting of the Blairmore board of school trustees will be held tomorrow night.

We desire to thank those who assisted us during the absence of the editor on his unpleasant mission to Newfoundland.

Tea and sale of home cooking from 3 to 6 p.m. at the Elks' hall on Saturday, under auspices of St. Luke's church. Don't miss it.

Here's a roadside notice posted in Ontario: "By order of the reeve, cows grazing by the roadside or riding bicycles on the sidewalk are hereby forbidden."

The Crows' Nest Chapter, I. O. D. E., will hold a tea and sale of home-cooking in the Elks' Hall on Saturday, May 12th, from 3 to 6 p.m. Your patronage will be greatly appreciated.

Frederick William Lindsay, well-known business man and old-timer of Pincher Creek, died suddenly on April 13th, following an attack of apoplexy. He is survived by a wife and six children.

John Van Marion, aged seventy-two, passed away at Coleman on Tuesday afternoon. The remains are being laid to rest tomorrow afternoon. Mr. Van Marion is survived by four sons and three daughters. He came to Canada from Holland about eighteen years ago.

The twenty-second anniversary of the opening of the United church at Coleman will be celebrated on Sunday and Monday next. The special speaker for the occasion will be the Rev. Robert Pearson, of Lethbridge, who, in addition to speaking at the morning and evening services of Sunday, will deliver a lecture on Monday night.

A very large audience attended the evening service at the United church on Sunday last. The special preacher on this occasion was Rev. R. W. Griffith, of Cowley, who delivered an able discourse on the subject of "Character." The Blairmore senior choir, cup winners for the third successive season at the Crows' Nest Pass Musical Festival, was in attendance and rendered two anthems. Mr. Arthur Hadwell, also rendered solos, which were well received.

IN MEMORIAM

In loving memory of Mary Serra, who departed this life at Bellevue, Alberta, on May 2nd, 1926.

"Thy voice is now silent, thy heart is now cold,
Where thy smile and thy welcome
oft met us of old;
We miss thee and mourn thee in
silence unseen,
And dwell on the memory of joys
that have been."

Ever remembered by Father, Mother, Brother and Sisters.

APPLICATION FOR LEASE OF ROAD ALLOWANCE OR SURVEYED HIGHWAY
Noticé is hereby given that John Dobeck, of Passburg, Alberta, has made application to the Minister of Public Works, Edmonton, for a lease of the following road allowance or surveyed highway, viz. adjoining the North boundary of N.E. quarter of Section, Tp. 7-5-5.

Cut-prices on diamonds and dollar bills
—are both equally impossible. You often hear of cut-prices on "diamonds"—but not on the kind of diamonds we sell. Our diamonds are all specially selected for quality, appraised by experts, and priced in strict conformity with value.

Here you will find a type of stone and style of setting to meet your particular desire, as a gift or for personal use. Our membership in the Gruen Watch Makers Guild doubly assures the value of your purchase.
